

UNDERGROUND WINE COMPANY

2007 Pure North Coast Zinfandel

This delightfully bright Zinfandel is a credit to our unique California vineyard conditions, characterized by diverse terrain combinations, marine-moderated temperatures, and a soil mix of clay, shale, volcanic rock, and ash. A scintillating perfume of boysenberry, black currant, and crisp apple translates into similar flavors, complemented by a touch of caramel and a hint of cedar. Persistent red fruit boldly dances down the length of the palate with astonishingly flavorful freshness.
